

# Everyone deserves an opportunity to learn!

- Does your son or daughter have trouble **talking**?
- Does he or she seem to be **developing differently** or **more slowly** than other children?
- Is he or she **unable to attend** school?

We can work with you  
to help your son  
or daughter  
lead a fulfilling life!

We teach children and  
adults who have challenges  
learning or communicating.  
We help them become  
contributors to their  
families, communities and  
the nation.

## THE EARLIER THE BETTER!

*Do not wait* to get help!  
The sooner your child gets the  
proper support, the better  
chances he or she has for  
learning and growing.
